City Water Mains Not Delivering Up To Requirements

Commission Taxes All Games Of Chance; Adds Motor Cop

Looking around for sources of revenue, the City Commission, in its Wednesday night session, passed an emergency ordinance, placing taxes on all punch boards, cards, jars or other similar devices and schemes, used as trade stimulants, the taxes on such devices running from twenty-five cents to \$2.50 a board. The ordinance is similar to Ordinance No. 10, which was passed in West Palm Beach, and the revenue is expected to yield around \$4,000 or more a year.

The new act will hit distributors, who must pay the taxes, and the city will be able to promptly pass back to the increased price of such goods, and then the suckers who buy the devices, will pay the bill, but the city will be richer in income. As set up machinery for collecting is to be taken to work, as clerk William, as collector, some time to get all supplies needed in order to operate, so the ordinance will not be effective till later.

The commission also authorized the mayor to appoint a police officer, as a motor cop and parking meter inspector, and the department will be increased to 31.

This power plant was utilized to provide power for the lighting of the Pierce properties, and for power used in the mill, it was undecided as to the rehabilitation of the plant, the loss of which runs into several thousands of dollars.

Around three years ago, the Pierce garage on the Townsville road, was completely demolished causing heavy loss of valuable electrical equipment which had been stored in the building, along with all his scientific garage and electric supplies.

Assistant Fire Chief Robert Bair states that so far as investigation has been conducted on the cause of the fire, was due to heat from an exhaust tube from a Diesel engine, which had gotten too near to the frame work. That Mr. Pierce states that roughly estimated his loss would run around \$25,000.

Bair also stated that the month of March had been the busiest one for the department, as 15 alarms had been answered, only three of which were great fires. He is also stating that there is a great need for additional firemen in the volunteer firemen.

For an idea of how the team is rounding out here is a few pointers to help you loyal Ram supporters. In J. T. Hare's Coach Cook has a veteran ball player with lots of behind the plate experience. Carrol McDonald seems to be shouldering most of the pitching duties with a number of promising boys to back him up.

At second base we have a hard working boy who shows lots of interest and a promising ball player for the future, that is Alvin Leathers. At short stop is Franklin Stallings who is doing very nicely.

At third base, and to be new at baseball, is doing remarkable well. Right field is being covered by Lee Burke, assisted by two able boys, Harry Douglas holding in the center spot and Thomas Williams is holding down left field and doing a new job.

These boys alone mentioned are the probable starting line up for the game Friday. They are backed up by some promising substitutes, here we have Jimmy Herring, Bob Farmer, Bill Burke, Bob Crompton, James Layfield, Paul Herring, and Jimmy Annapth.

The Rams will be idle until next Tuesday when they go against the West Palm Beach Wild Cats at Memorial Field in Belle Glade. The team needs support in the bleachers, so let's all try to be there.

Stage Show Presented At Everglades Theatre

Let's all go to the Old Everglades Theatre Monday night to see Robin Hood. It's a stage production with all professional actors and actresses, beautiful scenery and costumes. This is a merry tale of Robin Hood portrayed from the book we all have read, and its full of laughter and action, with adventure and sword play.

Tickets will be on sale at the box office of the theatre on that evening only, and are fifty cents for all students. The curtain rises at 8:15 sharp.

Elks Celebrate 80 Years Of Benevolent Activities

L. A. Lewis, Grand Exalted Ruler of the Elks, dedicating the plaque.

During February 24, Lafayette A. Lewis, Grand Exalted Ruler of the Benevolent and Protective Order of Elks, in the presence of 15 Past Grand Exalted Rulers from all parts of the country, placed a bronze plaque on the ancient and famous old building, formerly known as Military Hall, at 193 Bowerly, New York, according to word received by A. E. Kirchman, Exalted Ruler of Belle Glade Lodge No. 1716. Lewis' action signified the 80th birthday of a vast fraternal welfare organization which has grown from 15 New York lodges to its present membership of 920,000 public spirited men with 1478 Elks Lodges scattered throughout every state in the Union.

It was on February 16, 1868, that a group of actors, headed by an Englishman, Charles A. Vivian, organized the first Elks Lodge, New York, "Mother Lodge" No. 1 in Military Hall and, with no political, commercial or religious interests, started the great order which has grown among its members, friendship and disbursed for countless charitable purposes more than eighty million dollars in addition to untold additional sums spent by local lodges. The aims of the founders are those followed by the Elks today. As stated on the plaque they are, "to inculcate the principles of justice, justice, brotherly love and fidelity and to quicken the spirit of American patriotism."
